Measured Land And Building Surveys
Computer Generated Illustrations (CGI)

What We Provide

For us to understand that every client seeks to create an economically successful project that fulfils it's intended purpose

Each client expects responsive service and individual attention

Deadlines and schedules are expected to be met or bettered

Budget must be met and quality levels must be consistent with that budget

Our Goals

"It was a pleasure to work with G.H. Design Ltd. They always took the time to listen and to consider the needs of the school, finding appropriate solutions to the difficulties we encountered as the project developed, and working hard on our behalf to ensure that work was completed on time and within budget - both crucial for us."

Testimonial From Julie Lawton - Head Teacher at Wolverhampton Girls' High School

Residential - New Build & Extensions

Refurbishment And Extension To An Existing Dwelling In Bromsgrove, Worcestershire

Residential

We have been involved with many residential projects from small extensions for private owners up to housing estates for developers.

Our portfolio includes a small £50,000 extension to a one off dwelling upto £1.1 million development for a small company scheme.

No matter what sort of residential development is proposed, we have the personnel to deliver the best results.
